Professional Experience

Fernanda Matoso joined the firm in 1984 and became a partner in 1988.

Coordinates the life sciences practice area and the team of lawyers also engaged in this practice; Former coordinator of the public law and urban planning practice area (until May 2017) and was for several years member of the Firm Board of Directors.

Fernanda has a diverse practice as lawyer. Currently her practice is mainly focused on life sciences, especially in dealing with international pharmaceutical companies that market medicines and medical devices in Portugal.

Fernanda's sustained knowledge of the national health market and health care system is highly recognized. As a practitioner has a deep knowledge and expertise in the regulatory framework of the pharmaceutical industry activity and respective products (medicines, medical devices, cosmetics, food supplements and other health products), of wholesale distribution activity, of the healthcare institutions, and associated topics, such as licensing, marketing authorizations, prices regulation, State reimbursement/funding mechanisms, promotion/advertising activities, commercial policies, patients protection, data protection, compliance, health products marketing and distribution, clinical trials, commercial contracts, public tenders for the supplies to the National Health Service, and associated litigation and arbitration.

Fernanda is also well trained on global transactions (business separation, acquisitions, mergers, etc) involving international pharmaceutical companies worldwide, being regularly invited to integrate international teams of lawyers engaged in such transactions.

Education

Law Degree (Universidade Livre de Lisboa, 1984).

Memberships

Portuguese Bar Association (admitted in 1986).

Languages

Portuguese, English, French and Spanish.
